

Partnership for a Sustainable Georgia AgTrack Program

Where Do You Fit?

BRONZE

The Bronze Level is for producers who:

- Are new to implementing conservation practices on the farm *or*
- Have never performed an environmental assessment on the farm *or*
- Do not have any type of plan in place for regulatory compliance and emergencies *or*
- Do not have an operating environmental policy statement in place *or*
- Are already addressing one area of environmental concern on the farm (water, soil, energy, etc.)

SILVER

The Silver Level is for producers who:

- Are already operating under some type of farm conservation plan that also addresses any regulatory compliance concerns and emergency plans *or*
- Already have an environmental policy statement in place *or*
- Have previously performed some type of environmental assessment on the farm *or*
- Are already addressing two areas of environmental concern on the farm (water, soil, energy, etc.)

GOLD

The Gold Level is for producers who:

- Are already operating under an Environmental Management System (EMS) *or*
- Have somehow surpassed commitments of Bronze or Silver Levels *and*
- Participating in community service activities or mentoring efforts
